MODULEDIGITAL

NEW GENERATION SETUPWIZZARD

Revolutionizes mobile wheel alignment with precise laser sensor technology and easy-to-use software that wirelessly captures all measurement data – ideal for all racing and high performance vehicles. Experience the full potential of digital wheel alignment with our SetupWizzard Digital.

Compatible

Modular design for effortless system extension

Digital

Precise values from laser sensors

WizzardOS®

Intuitive software for efficient setup management

Wireless

Fast & easy data transfer for maximum flexibility

Precise

Reproducible accuracy with fully digital measurement on SetupWheels (no fluctuations caused by tires)

Plug & Play

On-demand setup with versatile accessories for all vehicle categories

Efficient

Simplified logistics with the all-in-one box concept

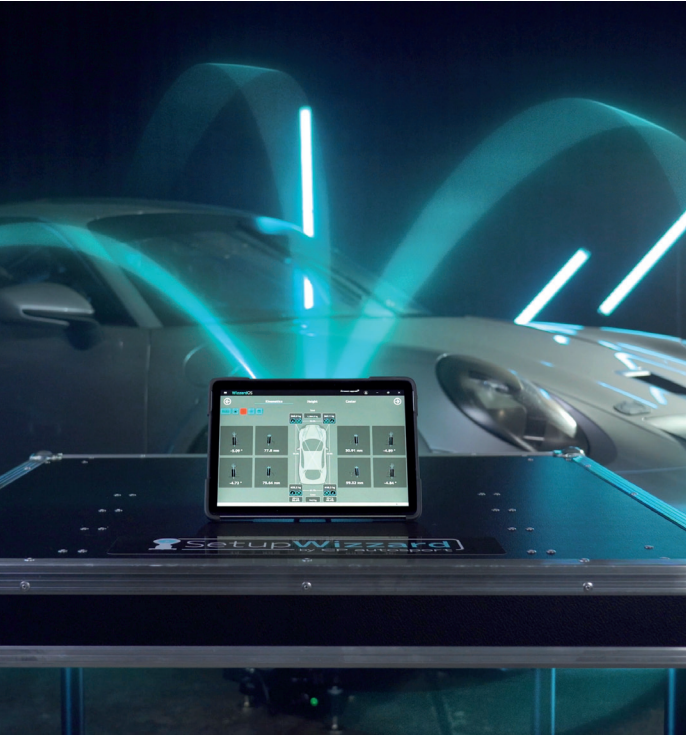

Service

Global support from local partners

WizzardOS®
Renowned for its intuitive design:
Our software for alignment systems.
